

SEMINAR USA: ABORTION IS NOT A RIGHT. THEIR PROTAGONISTS SPEAK OUT

Madrid, Monday, June 19, 2023
FROM 16,00 TO 20,00 HOURS

Salón de Grados, University San Pablo CEU, Calle Julián Romea 23, Madrid

OBJECTIVE OF THE SEMINAR:

The United States was the second country in the West to legalize abortion in 1973. In recent decades there has been an important change in public opinion on abortion, a process that has culminated with the Supreme Court ruling of June 24 of 2022 – the Rule on ROE vs. WADE case- , establishing that there is no constitutional right to abortion. As consequence of this important rule and process more than half of the States have approved restrictions on its practice.

The objective of this seminar is that politicians, civil society, lawyers, and the media from the United States show us- in Spain and Europe – how the process of the reversal of the abortion regulation has taken place in their country, as protagonists
